Subject: Oregon CZARA pesticide workgroup assignments

Hi Everyone,

Thanks again for a good meeting and for Alan and Leigh to be spending Ex. 6 - Personal Privacy talking over pesticide comments next Wednesday afternoon. Who knew it could be so good?

Below are the assignments, and let me know if you have questions or are short on time and can't do them all. You only need to pay attention to the comments on pesticides, not the other comments. Overall, we have 35 comments to look over.

Alan – 3, 27, 28, 31 (simple); 48, 55, 58* (moderately complex); 70* (Alan, don't need to look at this one before 6/25, complex)

Erik – 53, 59, 62, 69, 72, 75, 85 (simple); 35, 46 (moderately complex)

Leigh – 38, 40, 41, 42, 45, 49, 50 (simple); 2, 30 (moderately complex)

Dirk – 81, 83 (simple); 58* (moderately complex); 71* (complex)

Jenny – 32 (simple); 2 (mod complex) 54, 57, 70*, 71*, 76, 77 (complex)

*2 reviewers

FYI – here's a link from Erik on the recent pesticide buffer settlement agreement out for public notice. This more has to do with the approvability/disapprovability question we'll deal with after the comments.
